Reducing Bushes

Part Ref	Thread
MIT322	1/8"
MIT344	1/4"
MIT366	3/8"
MIT388	1/2"
MIT312	3/4"

Female Tees

Suitable for all industrial uses such as, air, gas, water, diesel, petrol

Can also be used in airbrake applications

## BRAKE PIPE SEALANT / P.T.F.E TAPE

Part Ref: BPS100

(100 ml / 65g)

Brake & Pipe Sealant is PTFE modified and aerobic adhesive for sealing pipe fittings and threaded joints.

It replaces PTFE and Yarn, etc.

Produces an instant seal against moderate pressures and retains a flexible cured film.

Part Ref: PTFE1

(12 mm / 12 mtr)

PTFE sealing tape ensures air tight sealing on all type of thread seals.

PTFE aids prevention of corrosive or electrolytic reaction between metal threaded components.
